Spring 2

February 2022

Welcome back to another fun packed and exciting term.

We have our Residential to Aylmerton in Norfolk. The children will be investigating Rivers from the source to the sea, they will be exploring woodlands and on the final day they will be looking at the coastline and rockpools, followed by a walk to Cromer along the beach.

Our topic this term is 'Rainforests' which is Geography based and the Water Cycle with a Science focus.

PE is on a Wednesday and Friday, can you please ensure that they have both an indoor and outdoor kit in school and that their outdoor kit is warm.

We are continuing with our focus on Times Tables at dedicated times through the week. There will be a times table focus for the children's homework as well as reading and a topic based activity.

The team are always available if you have any questions or queries.

Best wishes
Year 4 Team

COMING UP...

These are the topics we will be covering in the next few weeks...
